

Substitute Senate Bill No. 359

Public Act No. 06-36

AN ACT CONCERNING COMPETENCY TO STAND TRIAL.

Be it enacted by the Senate and House of Representatives in General Assembly convened:

Section 1. Section 54-56d of the 2006 supplement to the general statutes is repealed and the following is substituted in lieu thereof (*Effective October 1, 2006*):

(a) A defendant shall not be tried, convicted or sentenced while [he] the defendant is not competent. For the purposes of this section, a defendant is not competent if [he] the defendant is unable to understand the proceedings against him or her or to assist in his or her own defense.

(b) A defendant is presumed to be competent. The burden of proving that the defendant is not competent by a preponderance of the evidence and the burden of going forward with the evidence are on the party raising the issue. The burden of going forward with the evidence shall be on the state if the court raises the issue. The court may call its own witnesses and conduct its own inquiry.

(c) If, at any time during a criminal proceeding, it appears that the defendant is not competent, counsel for the defendant or for the state, or the court, on its own motion, may request an examination to

Substitute Senate Bill No. 359

determine the defendant's competency.

(d) If the court finds that the request for an examination is justified and that, in accordance with procedures established by the judges of the Superior Court, there is probable cause to believe that the defendant has committed the crime for which [he] the defendant is charged, the court shall order an examination of the defendant as to his or her competency. The court may (1) appoint one or more physicians specializing in psychiatry to examine the defendant, or (2) order the Commissioner of Mental Health and Addiction Services to conduct the examination either (A) by a clinical team consisting of a physician specializing in psychiatry, a clinical psychologist and one of the following: A clinical social worker licensed pursuant to chapter 383b or a psychiatric nurse clinical specialist holding a master's degree in nursing, or (B) by one or more physicians specializing in psychiatry, except that no employee of the Department of Mental Health and Addiction Services who has served as a member of a clinical team in the course of such employment for at least five years prior to October 1, 1995, shall be precluded from being appointed as a member of a clinical team. If the Commissioner of Mental Health and Addiction Services is ordered to conduct the examination, the commissioner shall select the members of the clinical team or the physician or physicians. If the examiners determine that the defendant is not competent, [they] the examiners shall then determine whether there is a substantial probability that the defendant, if provided with a course of treatment, will regain competency within the maximum period of any placement order under this section. [, and] If the examiners determine that there is a substantial probability that the defendant, if provided with a course of treatment, will regain competency within the maximum period of any placement order under this section, the examiners shall then determine whether the defendant appears to be eligible for civil commitment, with monitoring by the Court Support Services Division, pursuant to subdivision (2) of subsection (h) of this section. The court

Substitute Senate Bill No. 359

may authorize a physician specializing in psychiatry, a clinical psychologist, a clinical social worker licensed pursuant to chapter 383b or a psychiatric nurse clinical specialist holding a master's degree in nursing selected by the defendant to observe the examination. Counsel for the defendant may observe the examination. The examination shall be completed within fifteen days from the date it was ordered and the [examiner or] examiners shall prepare and sign, without notarization, a written report and file such report with the court within twenty-one business days of the date of the order. On receipt of the written report, the clerk of the court shall cause copies to be delivered immediately to the state's attorney and to counsel for the defendant.

(e) The court shall hold a hearing as to the competency of the defendant no later than ten days after [it] the court receives the written report. Any evidence regarding the defendant's competency, including the written report, may be introduced at the hearing by either the defendant or the state. If the written report is introduced, at least one of the examiners [must] shall be present to testify as to the determinations in the report, unless [his] the examiner's presence is waived by the defendant and the state. Any member of the clinical team shall be considered competent to testify as to the team's determinations. A defendant and [his] the defendant's counsel may waive the court hearing only if the examiners, in the written report, determine without qualification that the defendant is competent.

(f) If the court, after the hearing, finds that the defendant is competent, [it] the court shall continue with the criminal proceedings. If [it] the court finds that the defendant is not competent, [it] the court shall also find whether there is a substantial probability that the defendant, if provided with a course of treatment, will regain competency within the maximum period of any placement order permitted under this section.

(g) If, at the hearing, the court finds that there is not a substantial

Substitute Senate Bill No. 359

probability that the defendant, if provided with a course of treatment, will regain competency within the period of any placement order under this section, the court shall follow the procedure set forth in subsection (m) of this section.

(h) (1) If, at the hearing, the court finds that there is a substantial probability that the defendant, if provided with a course of treatment, will regain competency within the period of any placement order under this section, the court shall either (A) order placement of the defendant for treatment for the purpose of rendering [him] the defendant competent, or (B) order placement of the defendant at a treatment facility pending civil commitment proceedings pursuant to subdivision (2) of this subsection.

(2) (A) Except as provided in subparagraph (B) of this subdivision, if the court makes a finding pursuant to subdivision (1) of this subsection and does not order placement pursuant to subparagraph (A) of said subdivision, the court shall, on its own motion or on motion of the state or the defendant, order placement of the defendant in the custody of the Commissioner of Mental Health and Addiction Services at a treatment facility pending civil commitment proceedings. The treatment facility shall be determined by the Commissioner of Mental Health and Addiction Services. Such order shall: (i) Include an authorization for the Commissioner of Mental Health and Addiction Services to apply for civil commitment of such defendant pursuant to sections 17a-495 to 17a-528, inclusive; (ii) permit the defendant to agree to request voluntarily to be admitted under section 17a-506 and participate voluntarily in a treatment plan prepared by the Commissioner of Mental Health and Addiction Services, and require that the defendant comply with such treatment plan; and (iii) provide that if the application for civil commitment is denied or not pursued by the Commissioner of Mental Health and Addiction Services, or if [, in the case of a defendant who is participating voluntarily in a

Substitute Senate Bill No. 359

treatment plan, such defendant ceases to so participate voluntarily] the defendant is unwilling or unable to comply with a treatment plan despite reasonable efforts of the treatment facility to encourage the defendant's compliance, the person in charge of the treatment facility, or such person's designee, shall submit a written progress report to the court [pursuant to subsection (j) of this section,] and the defendant shall be returned to the court for a hearing pursuant to subsection (k) of this section. Such written progress report shall include the status of any civil commitment proceedings concerning the defendant, the defendant's compliance with the treatment plan, an opinion regarding the defendant's current competency to stand trial, the clinical findings of the person submitting the report and the facts upon which the findings are based, and any other information concerning the defendant requested by the court, including, but not limited to, the method of treatment or the type, dosage and effect of any medication the defendant is receiving. The Court Support Services Division shall monitor the defendant's compliance with any applicable provisions of such order. The period of placement and monitoring under such order shall not exceed the period of the maximum sentence which the defendant could receive on conviction of the charges against such defendant, or eighteen months, whichever is less. If the defendant has complied with such treatment plan and any applicable provisions of such order, at the end of the period of placement and monitoring, the court shall approve the entry of a nolle prosequi to the charges against the defendant or shall dismiss such charges.

(B) This subdivision shall not apply: (i) To any person charged with a class A felony, a class B felony, except a violation of section 53a-122 that does not involve the use, attempted use or threatened use of physical force against another person, or a violation of section 14-227a, as amended, subdivision (2) of subsection (a) of section 53-21 or section 53a-56b, 53a-60d, 53a-70, 53a-70a, 53a-70b, 53a-71, 53a-72a or 53a-72b; (ii) to any person charged with a crime or motor vehicle violation who,

Substitute Senate Bill No. 359

as a result of the commission of such crime or motor vehicle violation, causes the death of another person; or (iii) unless good cause is shown, to any person charged with a class C felony.

(i) The placement for treatment for the purpose of rendering the defendant competent shall comply with the following conditions: (1) The period of placement under the order or combination of orders shall not exceed the period of the maximum sentence which the defendant could receive on conviction of the charges against [him] the defendant or eighteen months, whichever is less; (2) the placement shall be either in the custody of the Commissioner of Mental Health and Addiction Services, the Commissioner of Children and Families or the Commissioner of Mental Retardation or, if the defendant or the appropriate commissioner agrees to provide payment, in the custody of any appropriate mental health facility or treatment program which agrees to provide treatment to the defendant and to adhere to the requirements of this section; and (3) the court shall order the placement, on either an inpatient or an outpatient basis, which [it] the court finds is the least restrictive placement appropriate and available to restore competency. If outpatient treatment is the least restrictive placement for a defendant who has not yet been released from a correctional facility, the court shall consider whether the availability of [that] such treatment is a sufficient basis on which to release the defendant on a promise to appear, conditions of release, cash bail or bond. If the court determines that the defendant may not be so released, the court shall order treatment of the defendant on an inpatient basis at a mental health facility or mental retardation facility.

(j) The person in charge of the treatment facility, or such person's designee, shall submit a written progress report to the court (1) at least seven days prior to the date of any hearing on the issue of the defendant's competency; (2) whenever he or she believes that the defendant has attained competency; (3) whenever he or she believes

Substitute Senate Bill No. 359

that there is not a substantial probability that the defendant will attain competency within the period covered by the placement order; or (4) whenever, within the first one hundred twenty days of the period covered by the placement order, he or she believes that the defendant [has been placed for treatment pending] would be eligible for civil commitment [proceedings] pursuant to subdivision (2) of subsection (h) of this section, [and the application for civil commitment of the defendant is denied or not pursued.] The progress report shall contain: (A) The clinical findings of the person submitting the report and the facts on which the findings are based; (B) the opinion of the person submitting the report as to whether the defendant has attained competency or as to whether the defendant is making progress, under treatment, toward attaining competency within the period covered by the placement order; and (C) any other information concerning the defendant requested by the court, including, but not limited to, the method of treatment or the type, dosage and effect of any medication the defendant is receiving.

(k) (1) When any placement order for treatment is rendered or continued, the court shall set a date for a hearing, to be held within ninety days, for reconsideration of the issue of the defendant's competency. Whenever the court (A) receives a report pursuant to subsection (j) of this section which indicates that [(A)] (i) the defendant has attained competency, [(B)] (ii) the defendant will not attain competency within the remainder of the period covered by the placement order, [(C)] (iii) the defendant will not attain competency within the remainder of the period covered by the placement order absent administration of psychiatric medication for which the defendant is unwilling or unable to provide consent, or [(D)] (iv) the defendant [has been placed for treatment pending] would be eligible for civil commitment [proceedings] pursuant to subdivision (2) of subsection (h) of this section, [and the application for civil commitment of the defendant is denied or not pursued] or (B) receives a report

Substitute Senate Bill No. 359

pursuant to subparagraph (A)(iii) of subdivision (2) of subsection (h) of this section which indicates that (i) the application for civil commitment of the defendant has been denied or has not been pursued by the Commissioner of Mental Health and Addiction Services, or (ii) the defendant is unwilling or unable to comply with a treatment plan despite reasonable efforts of the treatment facility to encourage the defendant's compliance, the court shall set the matter for a hearing no later than ten days after the report is received. The hearing may be waived by the defendant only if the report indicates that the defendant is competent. The court shall determine whether the defendant is competent or is making progress toward attainment of competency within the period covered by the placement order. If the court finds that the defendant is competent, the defendant shall be returned to the custody of the Commissioner of Correction or released, if the defendant has met the conditions for release, and the court shall continue with the criminal proceedings. If the court finds that the defendant is still not competent but that the defendant is making progress toward attaining competency, [it] the court may continue or modify the placement order. If the court finds that the defendant is still not competent and will not attain competency within the remainder of the period covered by the placement order absent administration of psychiatric medication for which the defendant is unwilling or unable to provide consent, [it] the court shall proceed as provided in subdivisions (2) and (3) of this subsection. If the court finds that the defendant is eligible for civil commitment, the court may order placement of the defendant at a treatment facility pending civil commitment proceedings pursuant to subdivision (2) of subsection (h) of this section.

(2) If the court finds that the defendant will not attain competency within the remainder of the period covered by the placement order absent administration of psychiatric medication for which the defendant is unwilling or unable to provide consent, and after any

Substitute Senate Bill No. 359

hearing held pursuant to subdivision (3) of this subsection, [it] the court may order the involuntary medication of the defendant if [it] the court finds by clear and convincing evidence that: (A) To a reasonable degree of medical certainty involuntary medication of the defendant will render the defendant competent to stand trial, (B) an adjudication of guilt or innocence cannot be had using less intrusive means, (C) the proposed treatment plan is narrowly tailored to minimize intrusion on the defendant's liberty and privacy interests, (D) the proposed drug [regime] regimen will not cause an unnecessary risk to the defendant's health, and (E) the seriousness of the alleged crime is such that the criminal law enforcement interest of the state in fairly and accurately determining the defendant's guilt or innocence overrides the defendant's interest in self-determination.

(3) If the court finds that the defendant is unwilling or unable to provide consent for the administration of psychiatric medication, and prior to deciding whether to order the involuntary medication of the defendant under subdivision (2) of this subsection, the court shall appoint a health care guardian who shall be a licensed health care provider with specialized training in the treatment of persons with psychiatric disabilities to represent the health care interests of the defendant before the court. Notwithstanding the provisions of section 52-146e, such health care guardian shall have access to the psychiatric records of the defendant. Such health care guardian shall file a report with the court not later than thirty days after his or her appointment. The report shall set forth such health care guardian's findings and recommendations concerning the administration of psychiatric medication to the defendant including the risks and benefits of such medication, the likelihood and seriousness of any adverse side effects and the prognosis with and without such medication. The court shall hold a hearing on the matter not later than ten days after receipt of such health care guardian's report and shall, in deciding whether to order the involuntary medication of the defendant, take into account

Substitute Senate Bill No. 359

such health care guardian's opinion concerning the health care interests of the defendant.

(4) The state shall hold harmless and indemnify any health care guardian appointed by the court pursuant to subdivision (3) of this subsection from financial loss and expense arising out of any claim, demand, suit or judgment by reason of such health care guardian's alleged negligence or alleged deprivation of any person's civil rights or other act or omission resulting in damage or injury, provided the health care guardian is found to have been acting in the discharge of his or her duties pursuant to said subdivision [(3)] and such act or omission is found not to have been wanton, reckless or malicious. The provisions of subsections (b), (c) and (d) of section 5-141d, as amended, shall apply to such health care guardian. The provisions of chapter 53 shall not apply to a claim against such health care guardian.

(l) If a defendant who has been ordered placed for treatment on an inpatient basis at a mental health facility or mental retardation facility is released from such facility on a furlough or for work, therapy or any other reason and fails to return to the facility in accordance with the terms and conditions of [his] the defendant's release, the person in charge of the facility, or [his] such person's designee, shall, within twenty-four hours of the defendant's failure to return, report such failure to the prosecuting authority for the court location which ordered the placement of the defendant. Upon receipt of such a report, the prosecuting authority shall, within available resources, make reasonable efforts to notify any victim or victims of the crime for which the defendant is charged of such defendant's failure to return to the facility. No civil liability shall be incurred by the state or the prosecuting authority for failure to notify any victim or victims in accordance with this subsection. The failure of a defendant to return to the facility in which [he] the defendant has been placed may constitute sufficient cause for [his] the defendant's rearrest upon order by the

Substitute Senate Bill No. 359

court.

(m) If at any time the court determines that there is not a substantial probability that the defendant will attain competency within the period of treatment allowed by this section, or if at the end of such period the court finds that the defendant is still not competent, the court shall either release the defendant from custody or order the defendant placed in the custody of the Commissioner of Mental Health and Addiction Services, the Commissioner of Children and Families or the Commissioner of Mental Retardation. The commissioner given custody, or the commissioner's designee, shall then apply for civil commitment according to sections 17a-75 to 17a-83, inclusive, 17a-270 to 17a-282, inclusive, and 17a-495 to 17a-528, inclusive. The court shall hear arguments as to whether the defendant should be released or should be placed in the custody of the Commissioner of Mental Health and Addiction Services, the Commissioner of Children and Families or the Commissioner of Mental Retardation. If the court orders the release of a defendant charged with the commission of a crime that resulted in the death or serious physical injury, as defined in section 53a-3, of another person, or orders the placement of such defendant in the custody of the Commissioner of Mental Health and Addiction Services, the court may, on its own motion or on motion of the prosecuting authority, order, as a condition of such release or placement, periodic examinations of the defendant as to [his] the defendant's competency. Such an examination shall be conducted in accordance with subsection (d) of this section. Upon receipt of the written report as provided in subsection (d) of this section, the court shall, upon the request of either party filed not later than thirty days after the court receives such report, conduct a hearing as provided in subsection (e) of this section. Such hearing shall be held not later than ninety days after the court receives such report. If the court finds that the defendant has attained competency, [he] the defendant shall be returned to the custody of the Commissioner of Correction or released,

Substitute Senate Bill No. 359

if [he] the defendant has met the conditions for release, and the court shall continue with the criminal proceedings. Periodic examinations ordered by the court under this subsection shall continue until the court finds that the defendant has attained competency or until the time within which the defendant may be prosecuted for the crime with which [he] the defendant is charged, as provided in section 54-193 or 54-193a, has expired, whichever occurs first. The court shall dismiss, with or without prejudice, any charges for which a nolle prosequi is not entered when the time within which the defendant may be prosecuted for the crime with which [he] the defendant is charged, as provided in section 54-193 or 54-193a, has expired. Notwithstanding the erasure provisions of section 54-142a, police and court records and records of any state's attorney pertaining to a charge which is nolle or dismissed without prejudice while the defendant is not competent shall not be erased until the time for the prosecution of the defendant expires under section 54-193 or 54-193a. A defendant who is not civilly committed as a result of an application made by the Commissioner of Mental Health and Addiction Services, the Commissioner of Children and Families or the Commissioner of Mental Retardation pursuant to this section shall be released. A defendant who is civilly committed pursuant to such an application shall be treated in the same manner as any other civilly committed person.

(n) The cost of the examination effected by the Commissioner of Mental Health and Addiction Services and of testimony of persons conducting the examination effected by the commissioner shall be paid by the Department of Mental Health and Addiction Services. The cost of the examination and testimony by physicians appointed by the court shall be paid by the Judicial Department. If the defendant is indigent, the fee of the person selected by the defendant to observe the examination and to testify on [his] the defendant's behalf shall be paid by the Public Defender Services Commission. The expense of treating a defendant placed in the custody of the Commissioner of Mental Health

Substitute Senate Bill No. 359

and Addiction Services, the Commissioner of Children and Families or the Commissioner of Mental Retardation pursuant to subdivision (2) of subsection (h) of this section or subsection (i) of this section shall be computed and paid for in the same manner as is provided for persons committed by a probate court under the provisions of sections 17b-122, 17b-124 to 17b-132, inclusive, 17b-136 to 17b-138, inclusive, 17b-194 to 17b-197, inclusive, 17b-222 to 17b-250, inclusive, 17b-256, 17b-263, 17b-340 to 17b-350, inclusive, as amended, 17b-689b and 17b-743 to 17b-747, inclusive.

(o) Until the hearing is held, the defendant, if not released on a promise to appear, conditions of release, cash bail or bond, shall remain in the custody of the Commissioner of Correction unless hospitalized as provided in sections 17a-512 to 17a-517, inclusive, as amended.

(p) This section shall not be construed to require the Commissioner of Mental Health and Addiction Services to place any violent defendant in a mental institution which does not have the trained staff, facilities and security to accommodate such a person.

(q) This section shall not prevent counsel for the defendant from raising, prior to trial and while the defendant is not competent, any issue susceptible of fair determination.

(r) Actual time spent in confinement on an inpatient basis pursuant to this section shall be credited against any sentence imposed on the defendant in the pending criminal case or in any other case arising out of the same conduct in the same manner as time is credited for time spent in a correctional facility awaiting trial.

Approved May 8, 2006
